## Certificate of Recognition of Work

To whom it may concern,

The Anandaniketan Earth Club is a non-profit organization founded in 2015 by the teachers and students at Anandaniketan School. Over the years, the Earth Club has carried out many notable projects and has always been at the front line for community service. Many of Earth Clubs initiatives such as helping the flood affected people in villages during Monsoon and planting more than 200 trees in the local area have been widely appreciated by the community and covered by the National Television.

This is to certify that Wasif Latif Hussain, the ward of Late Iqbal Hussain and Rumayna Yeasmin Hussain, residing at the address 58/A, Iqbal Monjil, Kumarpara, Sylhet, Bangladesh, has been a member of the welfare club Anandaniketan Earth Club since September 2018. He has taken part in multiple of our initiatives including a food festival held to raise funds and later helped to plant around 210 trees in the local community using the funds raised. He has also volunteered at several Movie days held for multiple initiatives. Wasif is an enthusiastic working member of our organization. He is always trying to help people and attempting to bring improve the lives of those around him.

I wish him all the success in the future.

28.10.20

With regards,  
Muntaha Tabassum Azad  
President, Anandaniketan Earth Club
